## **"APO" ~ Additional Performance Opportunity Information Handbook**

**RESPONSE REQUIRED BY: Wednesday, November 17, 2021 ~ Midnight**

Information on Solos, Duos, Trios, Select Groups for Competition.

Thank you for considering having your dancer take part in doing an additional performance opportunity (APO.) Dancers offered an APO performance option are all chosen with careful consideration by Karen Clark Dance Studio Faculty. Following is important information to help you make your decision on taking part in an APO.

### **The Journey to Education**

Our studio reputation for quality reflects our attitude toward competition and our goal to develop in each dancer a genuine respect for dance as an art form. We consider participation in competitions not simply part of our dancers' training; it's also an important part of how we influence them as people. With the right focus, the experience gained in competition can be an excellent source of self-confidence. If the dancers feel good about a performance and understand that they become better each time they go onstage, they are truly growing through the competition experience. Hitting that stage and doing the best they can is what it's all about; whether they win—or which award they win—is secondary. We want dancers to know that it is not just the performance but the journey to get there that is equally important.

Through participation in competitions, we hope to instill in our dancers an appreciation for other dancers and studios. We are not out to beat anyone; instead, we hope to motivate both students and faculty by exposing them to the highest caliber of talent available. For us, competition is an education!

### **Timelines of Learning**

Faculty will set the piece and the dancer is expected to practice and remember the choreography each week. There are dancers that learn their piece in 3 lessons, while others take longer. There are dancers that can clean a number in 2 classes and others need 6+ classes of the cleaning process. There for it is impossible to say every dancer will need exactly a certain number of lessons.

Faculty is committed to making sure a dancer that is extended, and APO opportunity is well prepared to perform. We are working towards producing a competent dancer who is solid in their performance ability including strong technique. When dancers are afforded an APO, it is established that the dancer can work well with in the timelines of learning that are available. Providing rehearsals are well attended. However, there are situations, when work starts, things can become overwhelming for the dancer. In these cases, Dancers and Parents need to communicate with their Faculty Member in order to work out a solution. Consideration of all a Dancer's activities is necessary when accepting this offer.

### **Two or More Dancers**

All rehearsals are dedicated to choreography or "cleaning" the choreography. **Dancers should plan to get together outside of their rehearsal times to practice their routines.** If your Dancer has no time to practice with their APO Group outside of Dance Studio time, then an APO is not a good fit for your Dancer. A dancer who misses a rehearsal holds back the progress of the entire group. Repeating the choreography from a previous session is not always possible and it takes up valuable time. Dancers who miss a rehearsal hold back the process, let their team down and may expect to be removed for the part of the choreograph they miss.

Dancers are expected to attend all their rehearsals. **If you are planning a holiday, if your dancer has other extra circular activities, if your dancer has an upcoming school function, all these things will have an impact on your decision to have a dancer take on an APO.** Please consider all dates and look them over carefully. If you would like our input, we are here to assist you. We may have an idea or a suggestion that could work for your dancer. Please contact us with any questions.

There is a possibility the grouping could change if one or more dancer(s) decline the APO offer. Examples: a trio becoming a duo, or a Dancer needs to be re-assigned. In that case the fee structure would also change.
